Attendance at Future Urbanism 2023 – Dubai

Dear ,

On behalf of Dubai World Trade Centre, I would like to introduce you to our latest technology event "Future Urbanism Smart City Summit", the region's new exhibition and conference addressing smart city requirements and developments focusing on building a connected, secure, sustainable urban infrastructure. The event is co-located with GITEX Impact which is the largest multi-stakeholder global technology event for breakthrough innovations in climate technologies, ESG investments, green finance, sustainable business models & public-private partnerships hosted from 13 -20 October 2023 at Dubai World Trade Centre.

From connected & accessible public transportation to smart mobility, autonomous, smart infrastructure development, community & urban development, public safety, housing and residential development of smart homes, and sustainability, Dubai's new impactful and visionary event for the regional Smart City ecosystem will spark dialogue that will shape the regional Smart City space in the years to come.

Future Urbanism & GITEX Impact take place in the world's most dynamic city – Dubai. Together, the events will be hosting 250+ global speakers, 400+ global exhibitors, 100+ urban tech & ESG tech startups, 35,000+ visitors and the region's top Giga and Mega city projects such as Urban Tech District Dubai, Neom, Red Sea Global, Xzero City Kuwait, The Royal Commission for AlUla, New Administrative Capital - Egypt, Tatu City, Kenya and more. A multi-stakeholder gathering for three days to include thought leadership, networking and business meetings with global technology and solution providers.

We would be honored, Excellency for you to come and visit Future Urbanism 2023 in Dubai, in order to support international investment into Brazilian technology.

Sincerely,

Thomas Löffler
AVP – Exhibitions- Events Management
